No. 1638½.—ASTER,  
New Japanese, or Tassel,  
Snow White.

1897 **SEEDS** 1897

WHOLESALE PRICE-LIST

N. Y. Market Gardeners' Association  
NEW YORK

**EXTRAS.** On orders amounting to \$1.00 or more, accompanied with the Cash, Extras can be selected at the rate of two (2) packets for each \$1.00 remitted. For example : A remittance of \$5.00 carries 10 packets of Extras. The conditions are : No packet can exceed 10c. in value, and no trade packets or ounces will be supplied as Extras. By this most liberal offer, new varieties that you are interested in can be had for trial, without cost, by favoring us for actual wants. Seedmen who give away Extras make the selections themselves, and usually from kinds they can't sell. Such Extras are generally not appreciated or planted.

## HIGH GRADE TESTED FLOWER AND VEGETABLE SEEDS

For the Expert and Practical Florist and Gardener.

→ 1897 ←

**COMPARATIVE PRODUCT TESTS.**—Last season (1896) we conducted an interesting comparative product Celery test, and have published a full report of same in bulletin form under the title of "N. Y. TEST GARDEN." It will be sent free to all who are interested. Under the above title we expect to publish, from time to time, other interesting tests, all of which the public will be invited to inspect.

**SPECIAL FLORISTS' MIXTURES.**—We call florists' attention to our Special Florists' Blends and Mixtures in the leading florists' seeds, as Asters, Nos. 1643m, 1648a, 1655a, 1672a, 1676a, 1684a, 1703a, 1703b, 1703c, 1703d; Cyclamen, 2006; Pansies, 2632, 2709, 2710 and 2737; Sweet Peas, 2788; Primulas, 3117; Stocks, 3165; Tom Thumb Nasturtiums, 3241; and Verbenas, 3286. These Blends and Mixtures we make up of separate colors, in proper proportions, insuring a greater variety and number of colors than can be obtained in any other way. We recommend them to those florists who require a large assortment, and do not want to buy them in separate colors. It has been the custom for years to offer mixtures at less price than desirable separate colors, because the grower or dealer make it a dumping-place for undesirable colors and surpluses. When flowers are grown in mixtures, the free-seeding colors or kinds soon predominate, causing the number of colors to decrease. All our other mixtures are imported from the best growers, and are as good as any offered.

**OUR METHODS.**—All orders are filled on farms near city, and shipped from New York, thus saving the great cost of a city store. We refrain from issuing a large, expensive descriptive catalogue and doing extensive advertising, as the cost of both would have to be added to the price of the seeds. We leave lengthy descriptions to others, but offer the best tested seeds for less money. We prefer to have Planters know what they want rather than be influenced by highly colored chromos and high-flowing descriptions. These savings we give the Planters in reduced prices. In other words, not having such expenses, we sell the best seeds at the production prices before these extra charges are added.

**WORDS OF COMMENDATION.**—We annually receive hundreds of unsolicited letters from prominent florists and gardeners, bearing testimony as to the quality of our seeds, and we would submit same but for want of space; however, we will send a list of such at any time to those who feel interested.

**CATALOGUE NUMBERS.**—For brevity and the convenience of our correspondents, we have prefixed a catalogue number to each variety of seed, which can be used when ordering or referring to any kind.

**POSTAGE.**—Seeds in packets and ounces will be prepaid to any Post-office. If larger quantities are to be sent by mail, add to order for postage at the rate of 8c. per lb. and 15c. per qt. on Beans and Peas, and 10c. per qt. for Sweet Corn. At prices named, seeds by the pound, quart and bushel will be shipped by express, freight or steamer, charges to be paid by party receiving the same. Send shipping instructions with each order.

**TERMS.**—Our terms are CASH with order, except to old customers and responsible parties, to whom special terms are made. Parties unknown to us desiring credit will please send satisfactory reference with order.

**HOW TO SEND MONEY.**—Remittance should be made by New York Bank Draft, Postal Money Order, Express Money Order, or Registered Letter, at our risk. Postage stamps, when clean and free from moisture, will be taken in small amounts, but at the risk of sender.

**OUR MAIL** is so large that communications addressed to us simply New York go direct in our post-office box.

No. 2694a.—Pansy, Fancy Blotched and Striped (novelty). Our Pansy Novelty Collection for 1897, No. 2741, contains all the latest up-to-date novelties.

**UP-TO-DATE ASTERS.** On pages 2 and 3 will be found the LARGEST assortment of ASTERS ever offered in this country. Among them are all the latest up-to-date novelties. Our GRAND ASTER COLLECTION, No. 1703, is a bargain in price, in number of kinds, and quality of seed. Note the great range of kinds it includes. Our "Clovehurst" White Comet, No. 1643, is the finest white for florists.

**STANDARDS OF PERFECTION IN PANSIES** will be found in Section 3, page 10. The "Three Best Blends," Nos. 2632, 2709 and 2710, are planted by more florists than any other strain or mixture in this country. Our Grand Pansy Collection, No. 2736, is the most popular way to obtain 60 distinct kinds for little money. Hundreds of florists order it yearly.

New York Market  
Gardeners' Association.  
(P. O. Box 2341.) NEW YORK.

## ASTERS.

We make a specialty of Asters. The following list is the most complete of any offered in this country. Our seed is all grown by the best German Aster specialists, except the American specialties, and should not be confounded with cheap French-grown seed, which cannot compare in color and substance with the German.

1638½	† <b>New Japanese or Tassel</b> (novelty), snow white.....	5.00	50	10
1639	† — <b>Mixed</b> (novelty).....	4.00	40	8
1639½	— — Collection 10 separate cols. for 50c.			
1640	† <b>Dwarf Triumph</b> , deep scarlet.....	2.50	25	5
1642	† — <b>Scarlet with white</b> .....	2.50	25	5
1643	† <b>NEW DWARF GIANT SNOW WHITE COMET</b> , "CLOVEHURST STRAIN," best florists' white 3.50	35	8	
1643a	<b>Giant Comet</b> , pure white.....	2.50	25	5
1643b	— — "The Bride," white passing into rose (novelty).....	10.00	75	10
1643c	— — <b>White passing to light blue</b> .....	10.00	75	10
1643d	— — <b>Crimson</b> (novelty).....	6.50	50	10
1643e	— — <b>Dark blue</b> (novelty).....	4.00	35	8
1643f	— — <b>Light blue</b> (novelty) ¼ oz. \$4.00....	75	10	
1643g	— — <b>Rose</b> (novelty).....	3.00	30	8
1643h	— — <b>Sulphur yellow</b> (novelty).....	5.00	40	10
1643i	— — <b>Lilac and white</b> , new.....	3.50	35	8
1643j	— — <b>Rose and white</b> (novelty).....	3.00	30	8

### SECTION 3.

#### THE BEST PANSY BLENDS FOR FLORISTS.

2632 **N. Y. GIANT MARKET BLEND.**—A mixture of robust, hardy, free-flowering giants of fine colors, with a good percentage of yellow, blotched, and light grounds. We grow and harvest the seed in separate kinds and colors from the best large-flowering plants, and make the stock up from a formula by blending the proper quantities of each together, thus securing an even and uniform strain that is so popular and in good demand around New York City. Price of seed, prepaid, pkt. of 125 seeds, 7c.; trade pkt. of 2,000 seeds, 50c.; trade pkt. of 5,000 seeds, \$1.00; oz., \$2.50.

2709 **NEW BUTTERCUP BLEND.**—This is an extra mixture of yellow and golden flowering kinds selected from all races, and is grown and treated the same as 2632 to secure uniform quality. We guarantee that every plant will produce flowers with yellow or gold in them—from solid yellow in different shades to spotted, marbled, blotched and banded flowers in fire and gold. Where the fashion requires yellow in Pansies, this is the best for florists' use and far ahead of the yellow kinds offered for this purpose, it being so varied in the shades and colors of yellow and gold. Price of seed, prepaid, pkt. of 125 seeds, 8c.; trade pkt. of 2,000 seeds, 60c.; trade pkt. of 5,000 seeds, \$1.20; oz., \$3.00.

2710 **\*N. Y. IMPROVED FANCY SHOW BLEND.**—For variety of color, shades and markings it has no rival, as it is made up, after harvest, from 35 best and newest colors, besides over a dozen celebrated strains and mixtures selected from all classes and races, with the principal object of getting the best bloom of extra substance and perfect formed giants in the choicest dark colors and shades. Over 100 distinct colors and markings are produced from this blend, many of which are exhibition, and therefore it is the best *High-Grade Florists' Mixture* ever offered. Price of seed, prepaid, pkt. of 125 seeds, 10c.; trade pkt., 2,000 seeds, 80c.; trade pkt., 5,000 seeds, \$1.60; oz., \$4.00.

2737 **PRIZE MEDAL AWARD.**—We offer this mixture to fill a demand for strictly fancy exhibition prize stock, and recommend it to those who wish to exhibit at high class shows, or those who take great pains in the growth and development of the Pansy. It is made up from seed saved from numbered and named prize awarded plants of rare blotched kinds, penciled and marked in greatest perfection, so desirable, yet so difficult to develop. It does not contain any selves or as great a variety of colors as our Fancy Show Blend, No. 2710, and is not intended for ordinary bedding or florists' sale stock, except those who have a critical trade and can get the proper prices. With ordinary care and culture, or with the masses, it will be a disappointment, but under special care and cultivation mammoth round flowers of surpassing substance and quality will be produced. Pkt., 125 seeds, 30c.; trade pkt., 2,000 seeds, \$2.40; trade pkt., 5,000 seeds, \$4.80; oz., \$12.00.

## No. 1643. Aster, Dwarf Giant White Comet, "Clovehurst Strain."

THE BEST WHITE ASTER FOR FLORISTS' USE EVER OFFERED.

**BRED, SELECTED and SEEDED BY A FLORIST FOR THE MOST CRITICAL FLORISTS' TRADE.**

This new strain has been bred by selection for years by an expert florist. It is now the best florists' white ever offered, as it combines Dwarf compact habit, snowy white flowers of immense size, composed of long, wavy, twisted and curled petals, as shown on front cover, and borne on long stems.

It is an improvement over the New Giant White Comet in habit. We guarantee that it is pure and unmixed, as we did not find a single flower other than snow white in a large field of blooming plants. The above illustration is of a part of the field. No other Asters were grown within a mile.

It is not often that a novelty of such superior merit is offered at so low a price.

We control the entire stock of seed, and advise our friends to substitute this for all other whites, whether wanted for early or late use, as by a succession of sowings it will fill both places.

Blooms of this strain so far surpass other white kinds that they sell at sight and at much advanced prices. Many people take them to be Japanese Chrysanthemums.

While the Giant White Comet will be offered at much higher prices this season, no one need hesitate in ordering this instead, as it is superior in habit and growth, and much purer as to color, while bearing equally as large, curled and twisted blossoms.

**Our Prices are: Packet, 8c.; Trade Packet, of 500 Seeds, 35c.;  $\frac{1}{4}$  oz., \$1.00; cz., \$3.50;  $\frac{1}{4}$  lb., \$12.00; lb., \$40.00 net, prepaid.**
